"Grün, grün, grün" – with Halloween characters

I love the idea of using songs for teaching foreign language, especially with my younger students. The song "Grün, grün, grün" is great for learning colors and other useful vocabulary. However, I wanted to teach the song in a way that was a bit more relevant to my young kiddos. With Halloween fast approaching, I thought using images of kids in colored costumes was a perfect way to introduce the song.

Original song lyrics (first verse):

Grün, grün, grün sind alle meine Kleider Grün, grün, grün ist alles, was ich habe Darum liebe ich alles, was grün ist Weil mein Schatz ein Jäger ist
