

Spiel – Gefunden!

© 2021, German in the Afternoon

Lately I have been playing a simple and fun game with my preschoolers & kindergartners. I have word posters for different subjects. For example, I have a set of weather pictures with German words. After we review the words, I pick one to look for. Then I shuffle the pictures and hold them up in front of me, so I can't see. I ask something like: "Ist das die Sonne?" The students answer "Ja" or "Nein". And then after they find the sun and answer with "Ja" we can all shout "Gefunden!" It's been a great way to practice vocabulary!

Here is a sign I made to help them learn the word.
